Rs: 980/- were sanctioned in Government Proceedings No: 472-3 M. F. Dated 3rd November 1893.

2 The Inmzrai Assistant commissioner on inspection found 2 out of 3 Nos. 1 and 3 Approaching completion and the amildar was directed to submit the completion report early.

3 As regards the work No: 2, Rs: 330/- was sanctioned and as contractors could not then be had

had, the repairs were not undertaken. Certain additional repairs suggested by the Villagers necessitated the sanctioned estimate to be revised. Opposite to this temple there is a pillar "Yoopasthambha" which has its local importance and reputation for effecting cure from snake bites when the patient is instantly brought there and made to go round the said pillar and offer certain worship. This pillar is now standing in an unsightly corner of a house which is in disrepair and there is hardly any space for one to pass freely all round it. For this purpose, it was found necessary to acquire some land and erect a decent and ornamental platform enclosed partly by walls with brick and Chunam and partly by iron railings in front with a gateway for ingress and egress to keep off cattle.

4. A Sum of Rs. 30/- has to be paid as compensation to the owner of the ground and the same is included in the estimate.

5. The plan and estimate for the pillar as well as the Swa temple (duly revised) amounting to Rs: 780/- are herewith submitted for approval and sanction, the cost being met from the
